THE TILLMAN CASE.

From what we learn, the Tillman murder case in Kentucky has closed, all evidences are in, and the case will go to the Jury as soon as the lawyers on both sides are done pleading.

WAR CLOUD STILL HANGING.

It appears from reports that war is possible, and that, Turkey and Bulgaria as well as Rukia and Japan will mix.

SCARY.

It appears from circulated reports that England is not in the best of spirits, and have something to be a little scary over. For it might be that many of her Islands may shake off the mighty coil of power and leave her to hold the sack.

MORE FLOODS.

New York and New Jersey, we understand have been flooded and much damage done to town and property, the flood passed the highest record of high water. Several lives lost and nearly whole towns destroyed—Floods have been numerous in the last year, as well as fires, Tornados, and much war and rumors of wars, and earth-quakes in divers places.

A Pitiable Case.

Prosecuting Attorney Hiett went to Upton township Monday to hold the preliminary examination in the case of the State of Missouri against Eliza Richards, who is charged with concealing the birth of and murdering her babe.

From the facts developed it appears that the girl, who is only 16 years of age, gave birth to the child, and hoping to shield herself and friends from disgrace tried to conceal its birth, she therefore choked it to death, and afterwards, fearing the unfortunate child might not be dead crammed its mouth full of straw.

From the facts disclosed at the preliminary this is another case of "loved not wisely but too well." This poor unfortunate girl, in our opinion, is to be pitied, and should have the sympathies, rather than the condemnation, of the people. And the miserable wretch in human form who is responsible for this poor girl's downfall should be caught and summarily punished with the extreme penalty of the law. There are too many such incidents happening in our midst, and it is no wonder that an outraged father takes the law into his own hands and commits crime himself.

And if a man is excusable under any circumstances for violating the laws of his country it would be in a case like the one mentioned.

The friendless and unfortunate girl was bound over to circuit court in the sum of \$1,000, in default of which she was brought to town Tuesday and turned over to Sheriff Farris and at present is in his custody, though not yet committed to jail. (Houston Herald.)

BRUSHY KNOB ITEMS.

The pie supper at Brushy Knob was well attended. We would judge between 300 and 400 people were present.

About 8 o'clock there were 60 pies numbered. A short Program was rendered which showed the willingness and capability of the pupils.

A large cake, fine looking and as good as it looked was presented, and taken by Miss Joy Simons, of Mt. Grove.

Miss Joy Simons is an accomplished and model young lady and fellow teacher and we were all glad to see her receive the cake.

We believe if the "crier" had not called time on the cake so soon several more "fives" would have been added. However our proceeds were \$31. Enough to furnish us with a good bell. We wish to take this opportunity of thanking all those who so kindly helped us and we cordially invite all to listen to our bell and come visit our school and Sunday school which will continue all fall and winter. Brushy Knob is a progressive little district. Watch it grow! It can't do any thing else when everyone is so willing to assist.

We wish to accept the invitation to attend the Jah-Ville Entertainment Sat. Oct. 17th. But are not sure we can take part in the program.

Yours Very Respectfully.
Mrs. Ada Williams.
